Crop Protection

Gepeval Bird Scarer - Guardian 2

The Guardian-2 operates with butane or propane gas, and produces loud detonations at timed intervals (from one minute to half an hour), which effectively scares away birds and other pests, thus protecting your crops.

The loudness of the detonation can be adjusted between 80 and 120 decibels (as loud as a jet engine!).

The Guardian-2 will protect up to 4 hectares (10 acres). It is zinc-coated, which ensures protection from the worst of weather.

The Guardian-2 is the result of over 50 years of experience in manufacturing crow bangers and offers maximum quality and efficiency in crop protection.

Part No. FP19990

Guardian-2: Single Rotary with Tripod

The most effective automatic scarecrow there is.

The direction of the barrel is automatically changed after each detonation.

30° - 50° turning circle after each detonation.

Height from ground 1.50M.

Part No.: FP19991

Automatic Timer

Allows the Guardian-2 to be switched on and off automatically at the desired times.

Long battery life with minimum consumption.

Adaptable to every Guardian-2 and completely weatherproof.

Part No: FP19995

No Flint required , Spark Plug activated

Original spare part numbers are for reference only. Not intended to be sold as original equipment.

APV Seeders

KS40, ES100, 2.10 Control Box

KS40 M2 Single Disc Spreader

Working Width	1-7m *
Seed Tank	40 liter Capacity
Net Weight	19kg
Power Supply	12V/25A **

KS40 is Designed for mounting on Quads, Lawnmowers, Grass Harrows & Similar machines

* Will Spread Grass Seed about 3.5m

** Unit must be connected directly to the battery

Part Number : APV01001-1-001

ES100 M1 Single Disc Spreader

Working Width	2-24m
Seed Tank	105 liter Capacity
Net Weight	29kg
Power Supply	12V/25A **

ES100 is Designed for mounting on Large Quads, Grass Harrows, - Disc Harrows & Sprayers

* Will Spread Grass Seed approx. 3.5m

** Unit must be connected directly to the battery

Part Number : APV02008-1-001

2.10 Control Box Standard on both Machines

Cab Mounted, 3 Point Linkage ready, 9 Hole bar or similar required

On / Off Button
Numerical Digital Display
Disc Speed Controller which varies the spread width
Hopper Control Valve Buttons
Cables **

Part Number : APV00420-2-026

Original spare part numbers are for reference only. Not intended to be sold as original equipment.

Grass Harrow

Rakeman 1500 & 3000

RAKEMAN 3000

Designed by Irish farmers for Irish Conditions

- Remove dead grass
- Improve aeration
- Improve fertilizer take-up
- Improve grass quality
- Increase yield

Part no. Rakeman3000

RAKEMAN-1500

All the same features as the Rakeman3000 only narrower
Ideal for Paddocks, Gallops & Pitch maintenance

Part no. Rakeman1500

Original spare part numbers are for reference only. Not intended to be sold as original equipment.

Vidbag

BigBag Dispenser

With the Vidbag dispenser it is possible to empty a bigbag partially. Big bags with seeds, fertilizer, gravel or any other free flowing material can be emptied in a controlled manner, quickly and simply without leaking. For added safety inserting a Vidbag using a forklift eliminates the need to go under the bigbag

Empty your big bags with Stop&GO: In 3 steps

Lower the bigbag
over the
Vidbag

Keep the bigbag
in
the forklift

Open and close the
Vidbag to dose
very precise

Original spare part numbers are for reference only. Not intended to be sold as original equipment.
